

# RADIAL APPROACH SOLUTIONS

*Begin procedures with a Prelude®*

# Prelude<sup>®</sup> to Finale<sup>™</sup>

*Prelude*<sup>®</sup>

*Merit Advance*<sup>™</sup>  
ANGIOGRAPHIC NEEDLES

*InQwire*<sup>®</sup>

**MERITMEDICAL**<sup>®</sup>

*Performa*<sup>®</sup>

## **SHEATH INTRODUCERS**

*Excellent transitions facilitate smooth entry into patient and vessel. Resists kinking during insertion.*

## **ANGIOGRAPHY NEEDLES**

*Ultra sharp needle bevel and lubricious cannula ensures smooth, easy, atraumatic vascular access. Ergonomic hub and bevel indicator enhance clinical confidence.*

## **GUIDE WIRES**

*InQwire<sup>®</sup> product line represents a complete offering of standard, fixed and moveable core guide wires. Hydrophilic guide wires are also available in a wide range of configurations.*

## **KITS AND TRAYS**

*Decrease set up time and streamline your clinical needs with our custom or standard kits and trays.*

## **DIAGNOSTIC CARDIOLOGY CATHETERS**

*The Ultimate<sup>™</sup> line of diagnostic angiography catheters for procedures performed using the radial approach.*

Percutaneous vascular procedures via the radial artery require the right products ... Merit is your partner for radial access procedures.

# Merit . . . your partner for Radial Procedures

BLUEDIAMOND™

INJECT 8™

MERIT MISER™

Finale™

## HEMOSTASIS VALVES

*Multiple options and sizes to meet your procedural demands and preferences.*

## INFLATION DEVICES

*The market leader introduces the next generation digital device, combining the accuracy of a digital and the simplicity of an analog device.*

## SYRINGES

*Generate more pressure with less applied force through smaller catheters using Inject8® and Inject10n™ coronary control syringes.*

## FLUID MANAGEMENT

*Miser® contrast management systems, Meritrans® physiological pressure transducers, manifolds, stopcocks, and high pressure tubing are just a few of our comprehensive line of fluid management products.*

## RADIAL COMPRESSION

*The Finale™ and RadStat® radial compression devices provide controlled hemostasis, comfortable immobilization (RadStat) and more rapid ambulation after radial artery puncture.*

*End procedures with a Finale™*

Founded in 1987, Merit Medical Systems is a world leader in the development, manufacture and distribution of proprietary disposable medical products used in interventional and diagnostic procedures, particularly in cardiology and radiology.

The company serves client hospitals worldwide with a domestic and international sales force totaling over 125 individuals.
