

RADIAL APPROACH: *IT'S TIME FOR OPTIONS*

1

Sterile Field Set Up

- Temporary Sharp safety containers
ShortStop®, ShortStop Advantage®
& Grandstand®
- Waste management systems
MDD bags, BackStop®, MiniStop®
- Contrast and Fluid management systems
Merit Miser® & Fluid Administration
- Pressure infuser bags - 500ml, 1000ml
- Drapes
- Custom and standard angiography trays
& procedure packs
- Specialty color-coded and labeled syringes

2

Radial Access

- Small gauge angiographic needles
Merit Advance® 20g x 4cm; 21g x 4cm;
& 21g x 2.5cm
- Sheath introducers (includes sheath,
dilator, wire & needle)
Prelude® 4F, 5F, 6F; 7cm, 11cm, & 23cm
that taper to 0.018" guide wire
Prelude 4F, 5F, 6F; 7cm & 11cm that
taper to 0.025" guide wire

3

Diagnostic Devices and Accessories

- Diagnostic angiographic catheters
Performa® Ultimate™ 1 & 2 - 5F & 6F x 100cm
with or without side holes
- All other standard diagnostic cardiology catheters
- Physiologic pressure transducers
- Meritrans® stand alone transducers
and accessories
(pole mount, cables)
- Manifolds, stopcocks, and manifold kits
1 way, 3 way
Tram™, & Tram P™
(manifold mounted transducer)
- High pressure tubing - 500, 900,
1200 psi (flexible or PVC)
- Coronary control syringes
Inject8™ & Inject10n™
- Standard and hydrophilic coated
diagnostic guide wires
InQwire® PTFE coated diagnostic guide
wires - .035", .038" 80, 150, 180, 260cm
(J-curved or straight tips)
Merit Laureate™ hydrophilic guide wires -
.035"; 80, 150, 180, 260cm
(standard or stiff; angled or straight tips)
- Guide wire torque devices and accessories
SeaDragon™ & H2O Torq™
Ringmaster™ guide wire basin

4

Interventional Devices and Accessories

- Digital and analog inflation devices
Basix COMPAK™, Monarch®,
Intellisystem®
- Hemostasis valves and wire introducers
MBA™, Access PLUS™, Access-9™,
Honor®, DoublePlay™, & Passage®
- Rapid exchange syringe for PTCA
balloon/stent preparation
RXP®

5

Vascular Compression

- Radial Compression Devices
Finale™ and RadStat®

MERIT MEDICAL has several new product options in our comprehensive radial approach product line to support your clinical practice. Along with our products, we can provide the necessary clinical support to maximize the benefits you expect from radial approach:

REDUCED COMPLICATIONS | QUICKER AMBULATION | INCREASED PATIENT COMFORT
