

OPTIMIZED FOR EFFICIENCY

MERIT
Procedure Packs

STREAMLINE YOUR PROCEDURES

You take pride in managing your people and patients, not your supply chain.

Products, policies and procedures continue to evolve while the pressure to reduce expenses remains constant. We understand your challenges, time constraints and needs. Our team of product experts offer their knowledge and experience to help optimize your procedure packs. While each solution is unique, all packs are designed to provide efficiency and cost savings in your operations. Combine Merit's diagnostic and therapeutic medical devices with the right supplies for complete solutions backed by the quality and service Merit is known for.

// UNDERSTAND

For over 30 years, Merit Medical has been dedicated to understanding our customers and their challenges. Our sales professionals combine years of experience and tacit knowledge to provide unmatched expertise in creating cost-effective, complete solutions designed to meet your needs.

// INNOVATE

We are committed to improving healthcare by developing innovative solutions that improve the lives of our customers and their patients. Merit's internal improvement projects find new ways to increase efficiency and reduce costs while maintaining strict quality standards. Our sales professionals combine years of experience optimizing pack configurations to meet the unique needs and budgets of our customers.

// DELIVER

We are determined to deliver an exceptional customer experience and we take great pride in our level of service. Merit's global manufacturing and distribution capabilities combined with key partnerships provide cost control and the ability to deliver your products on your schedule. With our worldwide sales force, we are able to offer a truly service-oriented experience.

// CASE STUDY

During a recent customer visit, a Merit representative observed the Cath Lab staff consistently pulling several individually-packaged sterile supplies when prepping for radial access. With a keen understanding of diagnostic procedures and the radial access technique, our Merit representative offered to create an innovative pack that includes our radial introducer sheath and hemostasis compression device. Merit's unique ability to combine a wide variety of devices and supplies into procedure packs delivered efficiency gains and cost savings for the Cath Lab.

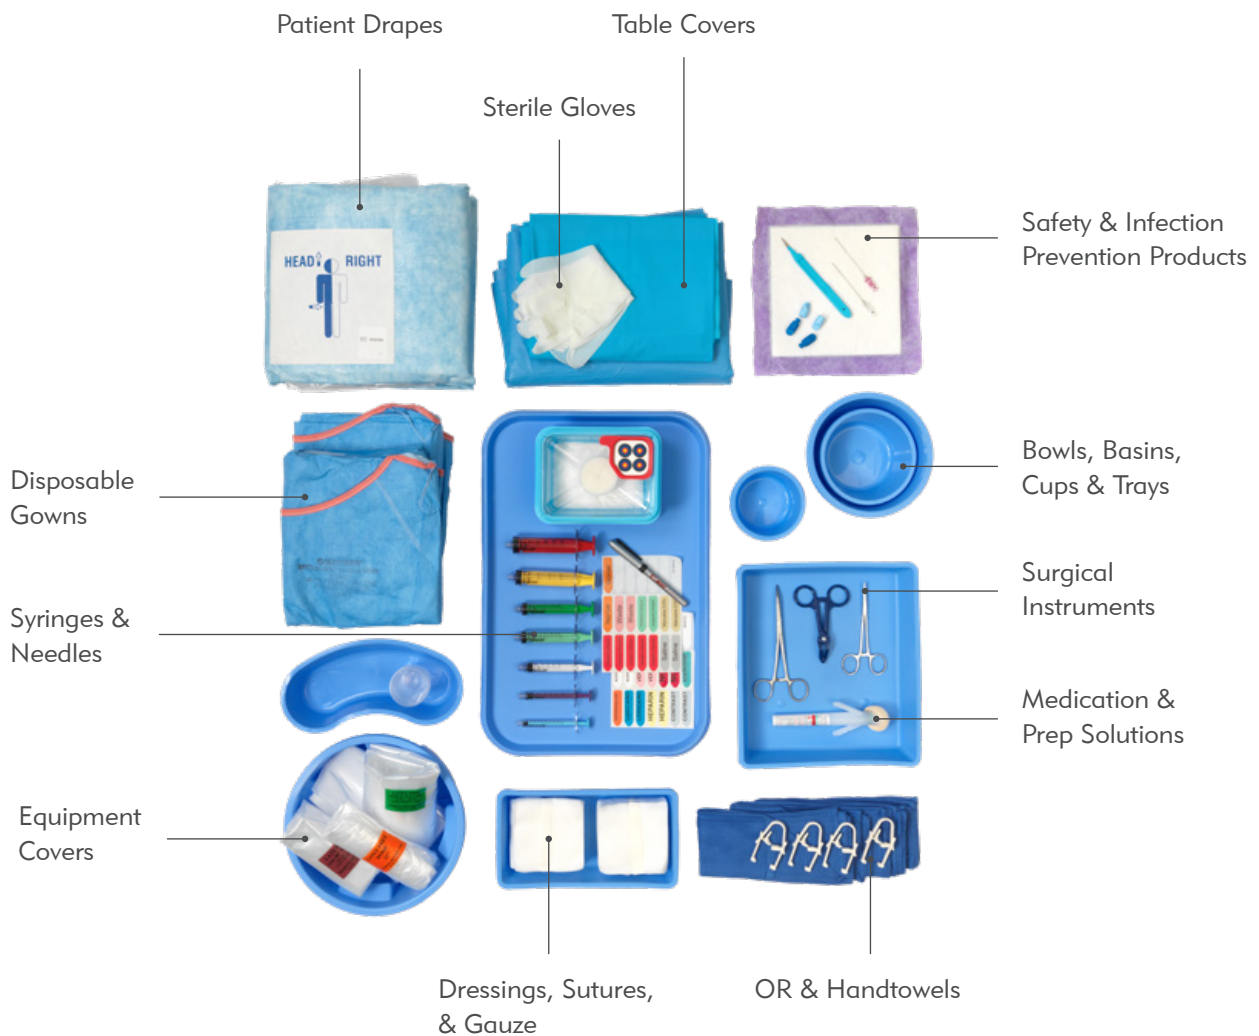

Procedure Essentials

Merit's comprehensive line of sterile surgical supplies set the foundation for delivering quality care. Merit-manufactured products and strategic partnerships allow us to offer a variety of brands and styles to match your preferences and maintain cost control.

Select from a variety of procedural supplies, including:

We're Here To Help

Whether you need standardized packs designed for use across multiple procedures or solutions for specific cases, our representatives can help determine the combination of products for optimal efficiency and savings.

Merit GreenChoice™

Merit GreenChoice supplies help minimize environmental impact in both manufacturing and disposal. Incorporate these alternatives in your Merit Procedure packs to help achieve your facility's sustainability initiatives.

GreenChoice Natural Fiber Hand Towels 

GreenChoice Pigment-Free Plastic Bowls 

EcoTray™ Paper-Based Trays 

GreenChoice Pigment-Free Plastic Trays 

Merit Sustainability

Like many of our customers, Merit Medical is committed to environmental stewardship. We have made it a top priority to reduce our environmental footprint. Across the company, we continuously implement new programs to reduce waste, conserve resources and improve the areas where we do business. Together, we can move toward a more sustainable future in healthcare.

Safety Solutions

Merit's line of safety products set the standard in staff and patient safety. We provide your team with industry leading, innovative and easy-to-use products that help you achieve your system-wide safety initiatives.
