Merit gathers reimbursement information from third-party sources and presents this information for illustrative purposes only. This information does not constitute reimbursement or legal advice and does not guarantee that this information is accurate, complete, without errors, or that use of any of the codes provided will ensure coverage or payment at any particular level. Medicare may implement policies differently in various parts of the country. Physicians and hospitals should confirm with a particular payor or coding authority, such as the American Medical Association or medical specialty society, which codes or combinations of codes are appropriate for a particular procedure or combination of procedures. Reimbursement for a product or procedure can be different depending upon the setting in which the product is used. Coverage and payment policies also change over time and Merit assumes no obligation to update the information provided herein.
