

The background of the advertisement is a photograph of a person's hand gripping a ship's steering wheel. The scene is set at sunset or sunrise, with the sun low on the horizon over the ocean, creating a warm, golden glow. In the foreground, a clear plastic medical device, the 10Fore Hemostasis Valve, is positioned diagonally. It has a blue-tinted top with a circular dial and a clear tube extending downwards. The device is partially overlaid by the text and the red banner at the bottom.

YOU'RE IN
CONTROL

10Fore™
Hemostasis Valve

Control, Clarity, Comfort

Control blood loss with a valve actuator that is responsive when open, closed, and to every diameter in between. See the air and clear the air with a transparent Y-body that is comfortable to hold for the duration of your procedures.
